

COMMUNITY

Our Commitment

Nitschke Energy acknowledges that we have a clear responsibility towards our host communities and we are committed to being a good neighbour.

To fulfil this commitment, Nitschke Energy will:

- Recognise that each community is unique;
- Welcome open and honest dialogue with all groups affected by our activities;
- Listen to community needs and expectations and respond to them in a timely and respectful manner;
- Respect the traditional rights of indigenous peoples;
- Contribute to the economic well-being of host communities through the employment and training of local residents and support of local businesses;
- Safeguard and, where possible, enhance their social well-being;
- Ensure that our activities are compliant with local laws and regulations;
- Realise that values, standards and practices of some communities are different to ours and work within those of the community where possible;
- Treat any complaint from local residents, businesses or community groups as a complaint from our customer, because we know that our performance and presentation on site is a reflection of our customer.
